OBJECTIVE

Passionate third-year Computer Science student with a focus on full-stack development, eager to apply academic knowledge and technical expertise in a dynamic professional environment. Seeking an internship opportunity to gain hands-on experience, collaborate on innovative projects, and contribute to meaningful solutions that drive success.

Projects

E-commerce Website (Full-Stack Development)

Developed an e-commerce platform with integrated real-time chat functionality between sellers and customers.

- Frontend: React.js, Redux, React-Router
- Backend: Node.js, Express, Socket.IO
- Database: MongoDB Atlas
- Payment Integration: Stripe API
- Cloud: Cloudinary for image management
- Implemented chat features, enabling real-time communication via WebSockets.
- Implemented user authentication with JWT for secure token-based access.

WORK EXPERIENCE

Operational Role

Aug 2018 - Current
